

Tip of the Month

GDS Freeze Dates

We are upon the holidays and would like to inform that as a HODpublisher™ customer the GDSs impose freeze dates during the end of the year which will affect certain items you may request.

The following will be affected:

1. *New LTAPublisher (HOD) Implementations - This includes Pegs ODDR*
2. *New Rate Publishing Implementations*
3. *New Rate Audit Implementations*
4. *New Rate Update Implementations*
5. *New PCC Implementations*
6. *Additional TAs for current LTAPublisher customers*

The GDS Freeze Dates are:

1. *Amadeus*
 - a. *December 18th, 2009 – January 11th, 2010*
2. *TravelPort (Apollo/Galileo and Worldspan)*
 - a. *November 20th, 2009 – December 1st, 2009*
 - b. *December 18th, 2009 – January 5th, 2010*
3. *Sabre*
 - a. *November 26th, 2009 – November 27th, 2009*
 - b. *December 25th, 2009*
 - c. *January 1st, 2010*
4. *Pegasus*
 - a. *December 25th, 2009 – January 15th, 2010*

Since a lead time is required for new orders we ask that if you have any additional orders that you would like Lanyon to pursue on your behalf we need all orders in by November 1st, 2009. Please contact Dan Wiser at dan.wiser@lanyon.com if you need new or additional services.

NOTE: Amadeus will have an outage on Sunday the 11th of October from 2am-3am central time. This will impact all HOD, PCC, and Rate updates. Lanyon will turn off publishing processes from this time and will publish when reactivated.

Please Contact GDSSupport@Lanyon.com if you have any questions.
